oploine, is very important."

PUMPKIN, APPLE AND PEAR BUTTER A correspondent of the Maryland Farmier gives his experience and practice in the imanufacture of a kind of mock apple-butter, which le says is an excellent article for family use, and more cheaply made than the old fashioned applebutter. The ingredients for a five or six-pall kettle of butter are; two and a haif bushels of pared and sliced sweet pumpkins, the same amount of pared and cored Sweet pumpkins, the same amount of pared and cored Sweet pumpkins, the pumpks, six quarts of molasses, two pounds of brown sugar, fifteen quit cessand a shilling's worth of claragement, but a pail of clean water in the kettle and add the pumpkin. Boit till flue, then add the apples gradually and stir to keep from burning gradually and stir to keep from burning the days of the advented on the article nemed of the days of the advented to the article nemed of the days of the days of the advented to the article nemed of the days of the days of the advented to the article nemed of the days of the days of the advented to the article nemed of the days of the certificate and the pulpish of the days of the subject of the advented to the article nemed of the certificate, and now which is the water of the boliars which days of the pulpish of the days of the subject of the subject of the days of the days of the days of the days of the subject of

that the control of the contr

The importance of these facts has been less in the excitement attending the vicias in dies of foreign and domestic politicar and it would seem that the pullic mutation which is proposed to the resumption of specie payments much more closely than they had supposed from these considerations it is manifest that the firmness of the premium for some months past has been in opposition to the course of the public credit.

And next, as to the supply of precions mustals: On the 3ist October there was in the Treasury II million dollars of private in the Treasury II million dollars of private in the Treasury II million dollars will become payable on cuppons, making, together, \$39,000,000 for in red un tion of froited States sixes of 1867. The peachbe we committed the public; to will have dealed, say, \$4,000,000 of coin proper in the binks. On the 1st of January about 29 million dollars will become payable on cuppons, and 9 million for like on the payable on cuppons, and 9 million for like on the payable on cuppons, and 9 million for like on the payable on cuppons, and 9 million for like on the payable on cuppons, and 9 million for like on the payable on cuppons, and 9 million for like on the payable on cuppons, and 9 million for like on the payable on cuppons, and 9 million for like on the payable on cuppons, and 9 million for like on the payable on cuppons, and 9 million for like on the payable on cuppons, and 9 million for like on the payable on cuppons, and 9 million for like on the payable on cuppons are payable on cuppons, and 9 million dollars will become payable on cuppons, and 9 million dollars will be company the payable on cuppons, and 9 million dollars will be company the payable on cuppons, and 9 million dollars will be company the payable on cuppons, and 9 million dollars will be company the payable on cuppons and payable on cup

list of about 78 million dollars, an amount in the hands of the public unequaled at my period within the last fur years, and an roto in denble the average supply for me chootisp past.

What are the properts of the demand? The curse of foreign trade is not favorable in the anticlpation of any important demand for exportation. Last year out imports at this season were musually heavy, whole our exports, except of cotton, were except in ally light. This season were five the content of The second were musually that this season were musually to the season were musually to the season were musually to the season aprits or lieu, unler a reaction the over the season to the season to the over the season to the season to the season the season to the season the season the season to the season the season to the season the season to the season to the season to the season the season the season the season the season to the season the season to the season to the season to the season th gar at \$7.50 per bbi, apple do. at \$10.00, and wine vinegar at \$20.00 per bbi.
